Subject: Title IX Issue

Dear Mr. Blair -

I tried phoning you and received your voice mail. I didn't leave a message, but thought I would send a written communication instead.

It is my understanding that you are the top person at NCC to speak with regarding a potential Title IX violation(s), I have experienced as a current student.

I have also reach out to an attorney for advice; however, I wanted to touch base with your office as to the procedure for filing a compliant regarding my concerns.

Please contact me at your earliest convenience.

Thanks!
